Cold Storage

2505. SHRI A. VIJAYA RAGHAVAN: Will the PRIME MINISTER be pleased to state:

(a) State-wise and all India capacity of cold storage in the country;

(b) the demand and supply gap; and

(c) the total number of cold storages in public and private sector?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SOMPAL): (a) The State-wise and all India capacity of cold storages is given in Annexure- [*see* appendix 186 Annexure No. 45]

(b) A Committee appointed by the Ministry of Agriculture has estimated that keeping in view the future projections, about 150 lakh tons of cold storage capacity might be required in the country. Of this, 105.5 lakh tons is presently, estimated to be already available and another 8 lakh tons under construction, leaving a gap of 36.5 lakh tons. According to information received from the State Governments, the additional requirement for cold storage capacity in the country works out to 12 lakh tons.

(c) The details as on 31.5.97 are as under:-

Sector	Number	Capacity (In Tons)
Private	2983	9818263
Cooperative	310	647062
Public	164	90294
TOTAL:	3457	10555619

Double Food Grain Production

2506. SHRI YERRA NARAYANA-SWAMY: Will the PRIME MINISTER be pleased to state:

(a) whether Government have plans to double foodgrain production in the next ten years;

(b) if so, what are the basic details for such a strategy;

(c) whether any estimate has been made of the capital requirement for such an effort;

(d) full details of capital requirements for this effort;

(e) whether any special role has been assigned to Andhra Pradesh in maximising food-grain production; and

(f) details of such plans?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SOMPAL): (a) and (b) There is no plan to double foodgrain production in the next 10 years, however, there is plan to double food production in the next 10 years which includes foodgrains, oilseed, sugar, fruits, vegetables, milk, egg and fish, etc. The projections have been given for foodgrains production for the year 2007-08 at 300 million tonnes. The major strategy is to increase crop production under cropping system approach through productivity increase of crops maintaining the soil fertility.

(c) and (d) No estimate has been made for capital requirement for the production of foodgrains separately. However, public outlay for the Major Head of Agriculture & Allied Activities has been projected at Rs. 42462.41 crore at 1996-97 prices.

(e) and (f) The State Government of Andhra Pradesh have formulated a new approach for tackling the production strategies from the micro level with a view to increase foodgrain production. This includes programmes for better resource utilisation, accelerated growth by maximising production in both good and bad crop years through raising the productivity. Detailed farming situation based plans, districtwise for the entire state have also been prepared.
